### ORTIE THEATRE SUNDAY AND MONDAY "KEEP YOUR POWDER DRY"

With Lana Turner, Laraine Day And Susan Peters

"Keep Your Powder Dry" the new Metro-Goldwyn-Mayer hit at the Ortie Theatre, boast one of the season's top casts in one of the year's finest film offerings. It stars no less a lovely and talented trio than Lana Turner, Laraine Day and Susan Peters.

Chockful of laughs and tears—indeed, all the ingredients that go to make up a real all-family entertainment—"Keep Your Powder Dry" will hold your interest every minute of its running time.

It's a human story of three girls from different walks of life, who join the celebrated Women's Army Corps. Each has a different motivation: Lana, as the spoiled Valerie Parks, enlists in order to protect an inheritance; Laraine, as the "Army brat" Leigh Rand, is confident of her superiority because of her upbringing and training; and Susan, as Ann Harrison, has a husband in the service overseas and wants to do her own bit to help speed the victory.

Almost from the first moment they meet, Val and Leigh are enemies. Val resents Leigh's "Know-it-all" attitude, and Leigh sneers at the girl accustomed to soft living who seems to be out of place in the Corps. Ann finds herself keeping the two at peace and sometimes she succeeds, although more often she doesn't.

Through the various phases of the girls' training the picture remains a fascinating study in human relationships, at the same time providing an inspirational as well as highly entertaining cinema fare.

save an average of 10 pounds of newspapers, wrapping paper and boxes a month. The 105's are the big ones that have been helping American forces in their advance toward Berlin and Tokyo.

Last year Americans saved 106½ pounds of paper per capita, or enough for about 35 containers for the 105 mm. shells.

For each ammunition container or "paper suit of armor" used to protect the shells from salt water, dents, nicks and corrosive dirt, approximately three pounds of waste paper are required, according to W. J. Wardell, vice president of the American Can Company, which is manufacturing millions of the containers. Ammunition container board, one of the principal materials used in making the "suits of armor" is made from mixed paper and old corrugated boxes, Mr. Wardell said, "tube and can stock" which is made from all types of waste paper.

## How CTC\* Gives a Giant the GREEN LIGHT

NERVE CENTER FOR A NETWORK OF STEEL. Panel of a CTC system showing track indication lights, switch and signal levers. Here movements and positions of all trains over a wide area are instantly revealed and completely controlled.

A huge locomotive and its train of cargo speeds onward at the command of a green light that signals — "all clear ahead!"

Seventy-five miles away, the dispatcher, seated before a control panel, literally watches this train proceed toward its destination. For the lights on his control board enable him to "see" every train in the district — and by merely pushing buttons, thus actuating signals and switches out on the line, he governs the movements of all rail traffic within a given area.

Centralized Traffic Control is one of the recent, important electrical devices in railroad operation.

Installed or under way on 530 miles of L&N main line, at a cost of \$2,700,000, CTC is speeding up vital traffic with safety, increasing capacity and helping to hasten the day of total victory.

### WHAT IS CTC?\*

Centralized Traffic Control replaces hand-written orders and hand-operated switches, and by signal indication electrically controls the movement of all trains within the range of its operation. It holds a train on the main line or on the siding, allows it to proceed after being held, keeps track of its location... lines up its route. It is one of many progressive steps for speed and safety taken by this Railroad to increase the value of the Old Reliable as a public servant.

## REGULAR MONTHLY MEET CO. BOARD SUPERVISORS.

**JUNE MEETING, A. D. 1945**  
State of Mississippi  
County of Hancock.

Be it remembered that a regular meeting of the Board of Supervisors of Hancock County State of Mississippi, was begun and held at the Courthouse thereof in the City of Bay St. Louis on Monday, June 4th, 1945, at 9 o'clock A. M. the same being the time and place for the holding of said meeting.

Whereas, John B. Wheat, Johnson S. Shaw, Lander Necaise, and Ed P. Ortle, members of said Board; John A. Egloff, Sheriff of said County and A. G. Favre, Clerk of said Board.

Charles B. Murphy, President of said Board, being absent and excused.

Be it ordered by the Board that the resolution of this Board directing issuance of \$16,000.00 of Road Protection Refunding Bonds of Hancock County, Mississippi, for the purpose of taking up and refunding at a lower rate of interest a like amount of the outstanding Road Protection Bonds of 1938 of said county, and of record in Minute Book Q, Pages 443, 444, 445, 446, 447, 448 and 449 be and the same is hereby rescinded.

The Board took up for consideration the matter of providing for the refunding of certain of the outstanding Road Protection Bonds of 1940, of the county, and a discussion of the matter was had; thereupon, Supervisor Ortle offered and moved the adoption of the following resolution:

Resolution to direct the issuance of \$15,000 of Road Protection Refunding Bonds of Hancock County, Mississippi, for the purpose of taking up and refunding at a lower rate of interest a like amount of the outstanding Road Protection Bonds of 1940, of said County.

Whereas, heretofore, to-wit: on the 15th day of April, 1940, the Board of Supervisors of Hancock County, Mississippi, did authorize, order and direct the issuance of and sale of Road Protection Bonds of 1940 of said County in the principal amount, and the sum of Seventy-five Thousand Dollars; said bonds bearing date of May 1st, 1940, bearing interest at the rate of 5% per annum, payable semi-annually on May 1st and November 1st in each year, being of the denomination of \$1,000.00 each and being numbered and maturing in the amounts and at the time following, to-wit:

Bond Nos.	Amount	Maturity
1 to 6 incl.	\$6,000	May 1, 1941
7 to 12 incl.	6,000	May 1, 1942
13 to 19 incl.	7,000	May 1, 1943
20 to 26 incl.	7,000	May 1, 1944
27 to 33 incl.	7,000	May 1, 1945
34 to 41 incl.	8,000	May 1, 1946
42 to 49 incl.	8,000	May 1, 1947
50 to 57 incl.	8,000	May 1, 1948
58 to 66 incl.	9,000	May 1, 1949
67 to 75 incl.	9,000	May 1, 1950

And Whereas pursuant to said order, the said bonds were thereafter duly executed, issued and delivered, and became the valid, lawful and binding obligations of Hancock County, Mississippi; and

Whereas, Bonds Nos. 1 to 6, maturing May 1st, 1941, Bonds Nos. 7 to 12, maturing May 1st, 1942, Bonds Nos. 13 to 19, maturing May 1st, 1943, Bonds Nos. 20 to 26, maturing May 1st, 1944, have to be fore been paid, redeemed and cancelled, and

Whereas all of said bonds issued as aforesaid now remain outstanding and unpaid, excepting Bonds Nos. 1 to 6, maturing May 1st, 1941, Bonds Nos. 7 to 12, maturing May 1st, 1942, Bonds Nos. 13 to 19, maturing May 1st, 1943, and Bonds Nos. 20 to 26, maturing May 1st, 1944, as aforesaid, and

Whereas, the said Board does now find and determine, that because of the existence of a state of war and because of the rationing of automobile tires and the rationing of motor vehicle fuels, the sources of revenue made available for the payment of maturing bonds and for the payment of interest thereon will be inadequate in the years 1945 and 1946 to provide for the payment of said bonds maturing in said years and the interest thereon; and

Whereas, in order to meet any deficiency in the aforesaid revenues it would be necessary to levy an ad valorem tax upon all taxable property in Hancock County; and

Whereas there is now being levied upon all taxable property in said county for general county purposes and for school purposes, an average rate of 60 mills on each and one dollar of assessed valuation of taxable property in said county; and

Whereas, the said Board does now find and determine that an increase in said tax rate would place upon the taxpayers of the County a heavy and confiscatory burden and would result in greater delinquencies in the payment of taxes; and

Whereas, said Board of Supervisors does now further find and determine that the refunding of the aforesaid outstanding bonds maturing in the years 1945 and 1946 would be in the best interest not alone of Hancock County but of the holders of the aforesaid outstanding bonds; and

Whereas, the said County is authorized under and by virtue of Sections 8497 to 8518, both inclusive, and Sections 4358 to 4365, both inclusive, of the Mississippi Code of 1942 to issue the refunding bonds of said county for the purpose of refunding the aforesaid bonded indebtedness, whether such bonded indebtedness shall at the time of such refunding be due or to mature in the future, and regardless of whether or not the issuance of such refunding bonds shall create a total bonded indebtedness of said County in excess of the now existing statutory limitation, and is authorized to issue such refunding bonds in sufficient amount to pay and retire all of the aforesaid outstanding bonds maturing in the years 1945 and 1946, and is authorized so to do whenever funds available for the payment of said outstanding bonds not sufficient to pay the same and the interest thereon whenever they may mature; and

Whereas, this Board does now further find and determine that because of the low interest rate at which the aforesaid maturing bonds may now be refunded, it would be in the best interest of said County that refunding bonds be issued at this time and thereby prevent default being made in the payment of said outstanding bonds at maturity.

Now, Therefore, Be it Resolved by the Board of Supervisors of Hancock County, Mississippi, as follows:

Section 1. That, for the purpose of refunding the outstanding Road Protection Bonds of 1940 of Hancock County, Mississippi, aggregating the principal amount and sum of Fifteen Thousand Dollars (\$15,000), maturing in the years 1945 and 1946, and which said bonds are more fully set forth and described in the preamble to this resolution, there shall be and there are hereby authorized, ordered and directed to be issued the refunding bonds of said county in the aggregate principal amount and sum of Fifteen Thousand Dollars (\$15,000.00). The said refunding bonds shall be designated "Road Protection Refunding Bonds of 1945," shall bear date of May 1st, 1945, shall bear interest from date thereof and until paid, at the rate of three and one-half per centum (3½%) per annum, payable semi-annually on May 1st and November 1st in each year; provided, however, that no interest shall accrue on said bonds after the respective maturity dates thereof unless said bonds be presented for payment at maturity and be not then paid. Both principal of and interest on the said refunding bonds shall be payable in lawful money of the United States of America at the office of the County Depository of Hancock County, Mississippi, in the City of Bay St. Louis, Mississippi, and the said bonds shall be of the denomination of One Thousand Dollars (\$1,000), each, and shall be numbered and shall mature, without option of prior payment, in the amounts and at the time following, to-wit:

Bond Nos.	Amount	Maturity
1 to 6 incl.	\$6,000	May 1, 1941
7 to 12 incl.	6,000	May 1, 1942
13 to 19 incl.	7,000	May 1, 1943
20 to 26 incl.	7,000	May 1, 1944
27 to 33 incl.	7,000	May 1, 1945
34 to 41 incl.	8,000	May 1, 1946
42 to 49 incl.	8,000	May 1, 1947
50 to 57 incl.	8,000	May 1, 1948
58 to 66 incl.	9,000	May 1, 1949
67 to 75 incl.	9,000	May 1, 1950

And Whereas pursuant to said order, the said bonds were thereafter duly executed, issued and delivered, and became the valid, lawful and binding obligations of Hancock County, Mississippi; and

Whereas, Bonds Nos. 1 to 6, maturing May 1st, 1941, Bonds Nos. 7 to 12, maturing May 1st, 1942, Bonds Nos. 13 to 19, maturing May 1st, 1943, Bonds Nos. 20 to 26, maturing May 1st, 1944, have to be fore been paid, redeemed and cancelled, and

Whereas, this Board does now further find and determine that because of the low interest rate at which the aforesaid maturing bonds may now be refunded, it would be in the best interest of said County that refunding bonds be issued at this time and thereby prevent default being made in the payment of said outstanding bonds at maturity.

Now, Therefore, Be it Resolved by the Board of Supervisors of Hancock County, Mississippi, as follows:

Section 1. Whereas, the said Board does now find and determine, that because of the existence of a state of war and because of the rationing of automobile tires and the rationing of motor vehicle fuels, the sources of revenue made available for the payment of maturing bonds and for the payment of interest thereon will be inadequate in the years 1945 and 1946 to provide for the payment of said bonds maturing in said years and the interest thereon; and

Whereas, in order to meet any deficiency in the aforesaid revenues it would be necessary to levy an ad valorem tax upon all taxable property in Hancock County; and

Whereas there is now being levied upon all taxable property in said county for general county purposes and for school purposes, an average rate of 60 mills on each and one dollar of assessed valuation of taxable property in said county; and

Whereas, the said Board does now find and determine that an increase in said tax rate would place upon the taxpayers of the County a heavy and confiscatory burden and would result in greater delinquencies in the payment of taxes; and

Whereas, said Board of Supervisors does now further find and determine that the refunding of the aforesaid outstanding bonds maturing in the years 1945 and 1946 would be in the best interest not alone of Hancock County but of the holders of the aforesaid outstanding bonds; and

Whereas, the said County is authorized under and by virtue of Sections 8497 to 8518, both inclusive, and Sections 4358 to 4365, both inclusive, of the Mississippi Code of 1942 to issue the refunding bonds of said county for the purpose of refunding the aforesaid bonded indebtedness, whether such bonded indebtedness shall at the time of such refunding be due or to mature in the future, and regardless of whether or not the issuance of such refunding bonds shall create a total bonded indebtedness of said County in excess of the now existing statutory limitation, and is authorized to issue such refunding bonds in sufficient amount to pay and retire all of the aforesaid outstanding bonds maturing in the years 1945 and 1946, and is authorized so to do whenever funds available for the payment of said outstanding bonds not sufficient to pay the same and the interest thereon whenever they may mature; and

Whereas, this Board does now further find and determine that because of the low interest rate at which the aforesaid maturing bonds may now be refunded, it would be in the best interest of said County that refunding bonds be issued at this time and thereby prevent default being made in the payment of said outstanding bonds at maturity.

Now, Therefore, Be it Resolved by the Board of Supervisors of Hancock County, Mississippi, as follows:

Section 1. That, for the purpose of refunding the outstanding Road Protection Bonds of 1940 of Hancock County, Mississippi, aggregating the principal amount and sum of Fifteen Thousand Dollars (\$15,000), maturing in the years 1945 and 1946, and which said bonds are more fully set forth and described in the preamble to this resolution, there shall be and there are hereby authorized, ordered and directed to be issued the refunding bonds of said county in the aggregate principal amount and sum of Fifteen Thousand Dollars (\$15,000.00). The said refunding bonds shall be designated "Road Protection Refunding Bonds of 1945," shall bear date of May 1st, 1945, shall bear interest from date thereof and until paid, at the rate of three and one-half per centum (3½%) per annum, payable semi-annually on May 1st and November 1st in each year; provided, however, that no interest shall accrue on said bonds after the respective maturity dates thereof unless said bonds be presented for payment at maturity and be not then paid. Both principal of and interest on the said refunding bonds shall be payable in lawful money of the United States of America at the office of the County Depository of Hancock County, Mississippi, in the City of Bay St. Louis, Mississippi, and the said bonds shall be of the denomination of One Thousand Dollars (\$1,000), each, and shall be numbered and shall mature, without option of prior payment, in the amounts and at the time following, to-wit:

Bond Nos.	Amount	Maturity
1 to 6 incl.	\$6,000	May 1, 1941
7 to 12 incl.	6,000	May 1, 1942
13 to 19 incl.	7,000	May 1, 1943
20 to 26 incl.	7,000	May 1, 1944
27 to 33 incl.	7,000	May 1, 1945
34 to 41 incl.	8,000	May 1, 1946
42 to 49 incl.	8,000	May 1, 1947
50 to 57 incl.	8,000	May 1, 1948
58 to 66 incl.	9,000	May 1, 1949
67 to 75 incl.	9,000	May 1, 1950

And Whereas pursuant to said order, the said bonds were thereafter duly executed, issued and delivered, and became the valid, lawful and binding obligations of Hancock County, Mississippi; and

Whereas, Bonds Nos. 1 to 6, maturing May 1st, 1941, Bonds Nos. 7 to 12, maturing May 1st, 1942, Bonds Nos. 13 to 19, maturing May 1st, 1943, Bonds Nos. 20 to 26, maturing May 1st, 1944, have to be fore been paid, redeemed and cancelled, and

Whereas, the said Board does now find and determine, that because of the existence of a state of war and because of the rationing of automobile tires and the rationing of motor vehicle fuels, the sources of revenue made available for the payment of maturing bonds and for the payment of interest thereon will be inadequate in the years 1945 and 1946 to provide for the payment of said bonds maturing in said years and the interest thereon; and

Fifteen (15) Bonds, all of like date, tenor and effect, except as to maturity, numbered from one (1) to fifteen (15), both inclusive, of the denomination of One Thousand Dollars (\$1,000) each, aggregating Fifteen Thousand Dollars (\$15,000.00), issued under the authority of the Constitution and Statutes of the State of Mississippi, including, among others Sections 8497 to 8518, both inclusive, and Sections 4358 to 4365, both inclusive, of the Mississippi Code of 1942, for the purpose of taking up and refunding the following outstanding Road Protection Bonds of 1940 of said County:

Bond Numbers	Amount	Maturity
27 to 33, incl.	\$7,000	May 1, 1945
34 to 41, incl.	8,000	May 1, 1946

(said bonds bearing date of May 1st, 1940, and bearing interest at the rate of five per centum (5%) per annum, payable semi-annually), and is issued under and pursuant to a resolution duly and regularly adopted by the Board of Supervisors of said County of Hancock on the 4th day of June, 1945.

It is hereby certified, recited and represented that all acts, conditions and things necessary to be done precedent to and in the issuance of this bond, in order to make the same a legal, valid and binding obligation of said County, have been done, have happened and have been performed in due and regular form, time and manner, as required by law; that in the event this bond or the issue of which it is one should ever be invalid by a court of competent jurisdiction, then the holder of this bond shall be subrogated to all of the rights, remedies and privileges had and possessed by the holder or holders of the bonds refunded by the issue of which this bond is one; that this bond and the interest thereon, together with the other bonds and coupons forming a part of this issue, are payable out of an excise tax on the distribution of gasoline in said county and other revenues as provided by Sections 8497 to 8518, both inclusive, and Sections 4358 to 4365, both inclusive, of the Mississippi Code of 1942, as amended, and that the issue of bonds of which this bond is one, together with all other indebtedness of said County, does not exceed any limitation prescribed by the Constitution and Statutes of the State of Mississippi.

In Testimony Whereof, the County of Hancock, in the State of Mississippi, has executed this bond by causing it to be signed by the President of the Board of Supervisors of said county, countersigned by the Clerk of said Board, under the seal of said Board, (and for the purpose of the execution of this bond, the seal of the Chancery Court of said County is hereby adopted as the seal of said Board of Supervisors) and has caused the annexed interest coupons to be executed by the lithographed facsimile signatures of said officers, and this bond to be the first day of May, 1945.

## NOTICE TO BIDDERS

Scaled bids will be received by the Mayor and Board of Aldermen of the Town of Waveland, Mississippi, to be delivered to the Clerk of said Mayor and Board of Aldermen not later than 7:30 P. M., on 3rd day of July, 1945, for the furnishing to the Town of Waveland for a period of one year from date of the acceptance of said bid the following, to-wit:

Plant Mix Seal  
Plant Mix Seal is to be prepared the same as hot asphalt paving mixture, modified by the addition of a solvent to prolong the period of workability. It is composed of mineral aggregate mixed in a central mixing plant with a hot asphalt and sand cold.

Mineral aggregate shall be of Slag, graded in the manner and prescribed constituents prepared as set out and shall be combined in such proportions to produce a mixture conforming to the following general compositions by weight:

The asphaltic cement shall meet the following specifications:  
It shall be homogeneous and free from water.

The specific gravity at 77 F. shall be not less than 1.000.

The penetration at 77 F. shall be not less than 65, nor more than 100.

The ductility at 77 F. shall not be less than 60 cms.

The LIQUEFIER shall be as State Highway Specifications for solvent.

The mineral aggregate in the above type shall pass the following screen tests, viz:

Passing No. 4 ..... 100%  
Passing No. 10 ..... 75-98%  
Passing No. 20 ..... 40-60%  
Passing No. 40 ..... 20-40%  
Passing No. 60 ..... 15-30%  
Passing No. 80 ..... 5-15%  
Passing No. 200 ..... 0-5%  
Liquifier ..... 1-1 1/2%  
AC-9 ..... 6-8%

The job mix formula will state the gradation within the above gradations; also specific quantity of asphalt cement and liquifier, but will have a tolerance as follows:

Plus or minus 7% for the No. 10 sieve and larger sieve requirements.

Plus or minus 5% for the mineral aggregate passing the No. 10 sieve.

Plus or minus 0.5 per cent for the asphaltic cement.

Plus or minus 0.5 per cent for the liquifier.

The course and fine aggregate shall be stored separately and weighed to definite amounts so as to proportion aggregate to mixture desired.

The slag shall be dry but shall not be to a temperature of over 150 degrees F. when Liquifier is added.

The Asphaltic Cement shall be brought to a temperature of 250 degrees to 300 degrees F. and weighed separately in a separate container from the aggregate.

The aggregate shall be dumped into a double pug mill type mixer and Asphaltic Cement be applied immediately there after shall be thoroughly mixed until every particle of the aggregate is thoroughly coated with Asphaltic Cement. The required amount of Liquifier shall then be applied to the mixture in a manner so as to thoroughly incorporate it with the Liquifier Cement, and the mixture should continue at least thirty seconds after the Liquifier is applied.

The above material to be delivered in cars F. O. B. Waveland, Mississippi.

Copies of said specifications are on file in the office of the Clerk of the Mayor and Board of Aldermen.

The successful bidder shall furnish bond in the sum of \$2,000.00 as required by law, for the faithful performance of his contract.

The shipment of said materials must be accompanied by a certificate from a reputable testing laboratory proving conformance with specifications outlined above.

The Mayor and Board of Aldermen reserves the right to reject any and all bids, waive all formalities and award the contract to the best interest of the Town of Waveland, Mississippi.

The said material to be delivered car lots F. O. B. Waveland, Mississippi, as and when ordered by the Mayor and Board of Aldermen at any R. R. siding in the Town of Waveland, Mississippi.

## A. & G. THEATER SUNDAY AND MONDAY "TONIGHT AND EVERY NIGHT"

Starring Hayworth, Blair and Bowman

Rita Hayworth "Tonight and Every Night" with Janet Blair and Lee Bowman reads the billing. Sounds like not a half bad idea to this writer and from reports about this Columbia Pictures' Technicolor dramatic musical coming to the A. & G. Theatre on Sunday and Monday there are going to be a lot of other persons feeling the same way about it. We hear from Hollywood that it tops the readheaded dancer's last sensation, "Cover Girl," which seemed to be just about the ultra-ultra in film musicals.

"Tonight and Every Night" is not only lush with big production numbers but that the musical score is the best ever from those two keen and sharp melody makers, Jule Styne and Sammy Cahn, who have already contributed so many nume-

bered to your movie musical hit parade. They're "What Does An English Girl Think Of A Yank?" "I Left Behind," "Cry And You Cry Alone," "You Excite Me" and "Anywhere."

In dancing to these melodies, Rita has acquired herself a new partner, Marc Platt, captured from the Broadway smash musical, "Oklahoma!"

Redheaded, like Rita, and agile, Mr. Platt is said to have brought down the house at every and all previews. So dance fans can certainly expect something extraordinary in this department of "Tonight and Every Night."

But that isn't all about this show in the dancing line. There are Janet Blair and the Picka-dillies (including the lovely and lively Leslie Brooks.)

The original screen play was put together by Lesser Samuels and Abem Finkel. It was guided to the screen under the hand of the veteran musical producer-director, Victor Saville.

Besides the stars, Rita Hayworth, Janet Blair and Lee Bowman, and the featured players, Marc Platt and Leslie Brooks, leading roles are played by Professor Lambert, Dusty Anderson, Stephen Crane, Jim Bannon, Florence Bates, Ernest Cossart, Richard Hayden, Philip Merivale, Patrick O'Moore and Adele Jergens.

With the array of talent and inspiration, if we know our movie fans, "Tonight and Every Night" means you have a date with a beautiful picture.

Said bids shall cover furnishing and distributing of said material.

The successful bidder shall furnish bond in the sum of \$2,000.00 for the faithful performance of his contract.

The Board reserves the right to reject any and all bids.

This the 13th day of June, A. D. 1945.

Every child in your family should have a savings account

In times like these, it is very easy to forget the little simple daily lessons of thrift. Children are the same the world over. They like to have things that Mother and Dad have. One of the most important things that can happen to any child is to see his parents make their weekly deposits in a savings account. And, the simplest way to give your own children a foundation in the practice of thrift, is to let them each have their own savings account at this bank. Many of our friends have books for each member of the family. A dollar will start your children on the road to thrift, building for themselves a sound foundation.

## Applications And Full Information to 17-Year-Old Youths

Mr. Henry Lafontaine, a former U. S. Marine, and since the outbreak of the war, an honorary recruiter for the Leathernecks in the section, announced today that he is in a position to furnish applications and full information to any 17-year-old youth, regarding enlistment at this time.

A supply of pamphlets and other information have been received and interested persons may secure copies by calling or writing Mr. Henry Lafontaine at Logtown, Miss., Phone 15, at once.

The Marine Corps offers splendid opportunities for vocational education to interested young men in the 17-year-old age bracket, only class eligible to volunteers.

Men who await their 18th birthday, are then eligible for Selective Service and automatically are placed in the Army under a recent directive. Youths 17 years of age are urged to choose while they can.

## HOW IS MY WIFE MAKING OUT;

We owe a debt to this man. Adding a worry is not the way to show our gratitude. The security of his wife and family depends upon us. Our job on the home front is to heed ceiling prices. Then we won't over buy and cause an increase in prices. We'll check the black market and make it easier for servicemen's wives and others with low, fixed incomes.

## Office Hours: 24 Hours a Day

Your doctor, who is the first to detect a need for rest in others, has driven himself without mercy in wartime. He serves his own patients as well as those of absent physicians, yet finds time to keep abreast of medicine's many wartime discoveries.

Most people were quick to appreciate the doctor's sacrifices and looked for ways to encourage him. They attended his First Aid classes and learned to call him only when absolutely necessary. They volunteered to assist overtaxed nurses in crowded hospitals... and turned his dream of

a national blood bank into a magnificent reality.

Today the word, "cooperation", has a fuller meaning in America. The threat to our freedom has rekindled an intense national spirit... revealed amazing capacities on the part of our people to help themselves and their fellow countrymen until victory is complete. They are strengthened for the road ahead. They should go far, indeed, in aiding our gallant younger generation get the reward it has earned and will go on earning—progress in a world at peace.

When a product maintains the character that people respect, they are quick to demand it. Generations ago, the makers of Budweiser set a standard—distinctive in taste, pure, good and distinguished for its unique quality. That's why people everywhere have agreed that Budweiser is "something more than beer... a tradition." No wonder it is the most popular beer in history.
